

Externship Program 2024

The U.S. Naval Hospital Yokosuka offers a **one-week externship program** for selected Japanese physicians. Medical students are also considered on a “space available” basis. The program is designed to provide exposure to Western medicine and to introduce potential applicants to the fellowship program.

Selected externs will be accepted into a one-week externship. Externs will rotate through various specialties in the hospital with an emphasis on outpatient medicine. Many externs will have opportunities to see and examine patients under the supervision of staff physicians. Applications for the summer externship are accepted **between May 1st and May 31st**. There are a limited number of spots available. Applications will be considered in the order they are received, and the most qualified candidate will be selected. Sixth year medical students are welcome to apply but will only be accepted on a space available basis.

Summer Externship Dates:

Week 1: 24 to 28 June

Week 2: 8 to 12 July

Week 3: 15 to 19 July

Week 4: 22 to 26 July

In order to be eligible for the externship, applicants must have completed medical school. In select cases, we may have the capacity for 6th year medical school students. There is no fee for the externship program, and externs will not receive pay during their time here. To apply, please follow these steps:
